I do believe that some day there will be financial support available to interested persons, and I hope that this will provide an ongoing research center to study the relationships of psychical and UFO phenomena. However, at this time, I know that it will take the work of several persons to provide any kind of meaningful investigation. This has been the experience of Dr. JulesEisenbud, who has investigated the abilities of Ted Serios, the man who can "make photographs" with his mind. Dr. Eisenbud has found that even his good well controlled studies are suspect unless he can get others to cooperate with him in setting up appropriate investigations.

Perhaps in a few years there will be funds available to establish such a research center, and then I would be most happy to cooperate with you in studying your abilities and providing documentation for the methods and results.

Until then, I wish to thank you for your offer of providing the opportunity to investigate your abilities. Perhaps "fate" will allow such an opportunity to come ~~hhoh~~t sooner than I expect. Best wishes to you.

Sincerely,

When you receive this, please begin a file folder labeled "Ted Owens (PK Man)"...and whenever you receive a letter from me, place it in the file folder.
Note:-It does not necessitate an answer.
At the end of 6 months or a year...you should have an inside look at how UFO intelligences work, and their tremendous powers.
My key work will be documented, so that you will not be wasting your time.

I have selected you...to become one of a small but very very select group...to be my "contacts" for 1970-71.
In this group are half a dozen noted scientists, authors, lawyers.

I think it is quite a genuine privilege to be in this group...

Please read about my work in Saga Magazine, articles coming in the July and August issues (actually Aug. and Sept.)..but get the first one on the July stands.

Most of you, of course, are already acquainted with my work, and have been my regular contacts.
But some of you are new contacts...and I will send all of you at intervals the communications which I receive from the Si's (UFO intelligences); what they are doing; what they are going to do, etc.
And my documented proof as it occurs.

Keep my file active for a year, and see if it is not one of the most amazing things you've ever encountered.

Sincerely,

Ted Owens (PK Man)

P.S. If you are not interested in this, just drop me a postcard and say "I pass on this," and I'll save the time, work and postage on your copies.

President Nixon:

Several months ago...I wrote to you and warned that the Si's (UFO intelligences) had communicated with me and told me that they were going to put on a world-wide demonstration of weather control such as had never been seen...violent~~x~~ earthquakes catastrophic weather events...hurricanes, tornados, floods, volcanic eruptions, and so on.

Since I wrote to you...my files are crammed with articles of floods and earthquakesand so on...and in the newsclips of most of them are the description "unprecedented floods" or "worst earthquake in 100 years" and so on. Over and over for different catastrophes.

The latest demonstration, of course, was in Peru.

Today the Si's communicated with me...and said that they want to do something unusual to get the U.S. Government's attention and interest...so they are going to do something in or around the area of Washington, D.C., in the near future. They will not tell me what. My guess...would be the appearances of many UFO's in that area. But that's only a guess.

They also said to tell you...that they are going to make an object lesson of the lower,(Miami) Florida area in the near future, for reasons of their own. My guess is...they will strike it with a hurricane this season, or a bunch of tornados like recently in Lubbock, Texas. Something like that.

They are trying to show us humans their "muscle" just as we have been trying to impress North Vietnam, and the rest of the world...with our "muscle" or military power. Of course, we have no powers that even begin to compare with the depth and scope of the Si powers.

I don't know if I sent you my recent predictions of what is going to happen to the United States in the future, or not. If not, and you want the manuscript, let me know and will send it to you. I did it once before in 1967...and was very accurate in predicting what has since occurred, since that time.

Dear Ted:

Thank you very much for your letter of May 26th and the copy of the June 8th letter to President Nixon.

I appreciate your willingness to include me on the list of persons who receive your statements. I look forward to the opportunity of reviewing these documentations from time to time, and I hope the procedure you have chosen will be helpful in your dealings with people from various professional fields.

Best wishes to you in your activities and in your attempts to provide evidence for your communications with UFO entities.
