NOTE TO CALIFORNIA AND HAWAII DISC-PEOPLE

I am flying out to California this coming April 14...for a visit with friends until April 22.

After that it will be possible for me...to come to where you are...and train you in the priceless "Si System" given to me by the UFO's...and generally described in the February 1971 Saga magazine article.

The Si System, once you have been trained...will give you super mental powers. Not only are you made a master of autohypnosis...but that is only the beginning. Then special "mechanisms" are built into your brain, with triggers...so that for the rest of your life you will be able to cope...with anything. You will be able to do...what other human beings cannot do.

People have flown to me in Cape Charles, Virginia, from all over the world... for this specialized training (which takes two days).

I can only remain out in California (or Hawaii) for a limited amount of time... thereby can only train a limited amount of pupils. And this training that I give...cannot be found elsewhere in the world.

If you wish this training...you must donate a substantial amount of money by money order...in advance of my coming out...to help me carry on my work and research. I will leave it up to you...but it must be substantial.* My time is priceless (and you will understand, if you have read about my work).

Currently you may read of my predictions for 1973 in "Predictions For 1973" by Glenn McWane, paperback, at your bookstore.

Also at your library or bookstore there is now a book, "Occult America" by John Godwin (Doubleday, hardcover) which touches on my work, and has my photograph.

And if you wish to get a book covering more of my work...which will go into bookstores in April...get "Revelation: The Divine Fire" by Brad Steiger, $7.95, 104 1/2 Washington St., Decorah, Iowa, 52101.

Also on the newsstands at the present time...is "Saga Annual for 1973"... with an article by Otto Binder...which points out that with my staggering, fantastic mental powers...I could be the only human capable of saving the United States itself! (If you cannot find it at the newsstands, send $1 to Saga, 333 Johnson Ave., Brooklyn, New York, for a copy.)

Sincerely,

Ted Owens (PK Man)
