SCIENCE-ORIENTED-OBSERVERS

Perhaps you had quite a chuckle, a year or so ago, when I informed that the SI's... entities that I work for and with... were to create a world-drought as one, big, definitive experiment... let their human representative, myself, TX Man, call the shots... name each area, each drought-stricken area, to get relief... globe (and in the U.S.)... thus proving once and for all that the SI's single human link with the human race, and that they have powers to do such a thing.

Attached is a newsclip from this morning's newspaper... indicating the "merciless, searing" drought prevalent in the U.S. today. I do not think... anyone is laughing now, at what I said some time ago. If they are, they are idiots, and you can quote me on that.

Texas... will be especially punished... for its treatment of me. I am the radio station and its backers; unfortunately, they do not pay the SI's work... they expect me to be well-received and well-treated as THEIR OWN REPRESENTATIVE (much like a U.S. ambassador would be treated abroad) when I travel about. If I am tricked and/or mistreated, then God help that geographical area, state or country. (Disc-people need have no worries.)

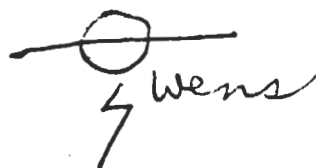

France... will be especially demonstrated upon (rather than punished) with white-hot drought combined with violent storms, lightning, hurricane approaches, powerful winds, power blackouts, etc.... the SI's (who are chewing up Texas) but by myself, to demonstrate I can do "with half a brain"... the SI half.

Referring to the attached newsclip... of course I could bring rain and storms as will... to any of the stricken areas. But according to the terms of the SI Definitive Miracle (world drought) which they gave me some time ago, through me to you... I will not do so.

If you think... that my powers, through the UFO's, do not amount to "5th world power"... wait, wait, until water practically vanishes and the earth is scorched... then let me see all the governments of the world replace that water, and save that earth, with their vast money and great military establishments. Only I... will be able to replace the water... and repair the earth. Through the infinite powers of the UFO's, of course.

If any one of you... gave a poor reference to Dr. Poher... think of the above. You were doing a great disservice not only to Dr. Poher, but to the world and the entire world... in blocking the progress of the UFO plan to help this earth.

Sincerely,

 Owens

JUST AS EVERYONE LAUGHED WHEN I PREDICTED IN BOOKS AND NEWSPAPERS IN 1971 AND 1972 THAT PRESIDENT NIXON WOULD BE FORCED OUT OF OFFICE. THOSE PEOPLE ARE NOT LAUGHING NOW
