CONTACTS:

I have a huge file of pertinent documentation to xerox and send to you, along with a 2-page cover letter explanation.

However... right now I've just enough money to feed the family for five days... a big stack of bills which I cannot pay... so... I will have to wait 4-8 weeks to be able to afford sending you the xerox file that you need to match up with the cover letter.

Yet, I am going to send the cover letter herein. Keep it on ice and later, when the file it matches up with arrives, append it to that file.

Cordially,

Ted Owens
