Dear Ted:
 Received your welcome letter yesterday, and was greatly relieved you and Beau had arrived safely back home after your arduous trip.

Re: your escape from injury in the car crash - I too had a narrow escape -- my own proof of protection. I had occasion to go to Visalia. Driving down the main blvd. my attention was to the left when I heard a loud frantic blast on a car horn. Evidently the man in front of me had suddenly decided to turn into a driveway on my right and was probably blocked momentarily by a car ahead of it - the back end of his car stuck out like a sore thumb in my path. I was right on it before I saw it AS I WAS PASSING IT. I swear I didn't miss it by a hair breadth - even had the impression I had passed THROUGH it. I've heard of such things, and drove on undisturbed, and forgot it until I got to a friend's house.

*Note: I let another car
 through
 car??!!
 Ted.*

Answer
4/5

To begin with I had taken what I thought was a short cut -- then I seemed lost in the maze of country roads. I was unfamiliar with the town signs on the road, but kept going, turning this way and that wondering where I would end up, and finally found myself at last passing the airfield I remembered passing once before going into Visalia and I knew I was headed right.

My friend, greatly disturbed, wanted to know what took me so long, and, reciting my adventures to her the enormity of the car incident hit me full blast, and I felt weird! and weak-kneed! not with fright - but the sudden realization of THE CIRCLE OF PROTECTION!

Sunday, May 27th.

Got side-tracked. Information, please re. auto-hyp--- Why is the count sometimes 1 to 10 and then again -- 1-2-3? Does it really make a difference which is used. Sometimes you just said - "Use your auto-hyp mech...but which one? Perhaps the 1-10 was used in - for instance, going back in memory for refreshing good memories: also, going back to the birth moment -- those were two trips regressing to time tempo, but otherwise its the "use your auto-hyp mech" I've stubbed my toe on -- which mech? No difference?

As to books we made a list of -- your book on "How to Contact Space People: Predictions of Glenn McWane for 1973; and Occult America. I cant find them in this god-forsaken valley and you said you would send them to me. I managed to get "Psychic Discoveries Behind the Iron Curtain" thru ad. literature that came to me in the mail. Your book and Glenn McWane's Predictions I would very much like to have - I'll of course include postage with the cost of the books.

NIXON PREDICTION--A letter from Irene Hughes, 500 N. Michigan Avenue, Chicago, IL 60611.... "There was an interesting little item in your recent newsletter (IN September) about Ted Owens being the only psychic that predicted Richard Nixon would be forced out of office. It indicates that he made his prediction in 1971. I would like to say that he is not the only one--that I made the prediction before Mr. Nixon was elected in 1968. It is a matter of published record and in a number of different papers and in my own column. I indicated that there would be a scandal that would touch Mr. Nixon and that three members of his cabinet would immediately resign. That happened. At that time, I also predicted that he would not stay throughout his term of office and that he would probably leave two years before it was up, or at least one year before it was up and that would not be due to assassination or health....Also, I indicated that when it was over, that he would come out smelling like a rose! Actually, part of this prediction is included in my book, KNOW THE FUTURE TODAY. That book was published in 1970 and the materials for much of it was available in 1959."....In a current prediction, Mrs. Hughes says, "The moment that Ford became President, I said, Mr. Ford will never be elected President in 1976, and that by the end of June of 1975 that he will be in such grave difficulties due to economic problems in this nation, and due to international problems, that he will have thoughts in his mind to resign." ----Thank you, Irene. dg.

SPECIAL NOTE TO MY DISC PEOPLE.....

I have just returned from a long trip to Scotland and England. There I spent many, many nights on Loch Ness...communicating with the "Loch Ness Monster". It came up twice in front of me. Also I communicated, there in the dead of night...with UFO's...and they appeared all around me. One came down to where I was. One night on famous Cradle Hill, outside Warminster, about 1 AM in the morning...while I stood in the dark...the "Tin Bird" sound, made by UFO's (read Arthur Shuttlewood's great book, "Warnings From Flying Friends"...meaning UFO's...in which he describes this sound coming from UFO's...) anyway this weird sound came to me as the UFO came down to where I was...and I have it on my tape recorder.

Matter of fact...all those nights spent in haunted castles, on Loch Ness, on famous "UFO hills" like Cradle Hill, Elm Hill, etc...were taped by my tape recorder. And the tapes are priceless.

It takes me, under the conditions which I work...two days to make a duplicate set of tapes from my seven originals (I used hour tapes...try to get them onto 90's).

Very well. For those few people who would like a complete set of these priceless tapes...with me in person, night after night after night at Stonehenge, at Urquhart Castle, at Old Sarum Castle, on Cradle Hill...and much more...(and bear in mind that I had to actually break into many of these places...like a burglar...in order to do my work)...

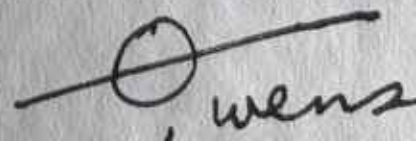

I will personally take two days and make you a duplicate set of tapes...plus a complete written report...astounding report...only one of its kind...

for any of you who will contribute \$100 or more to my work and research. Not only my work and research...but this year I must write a complete book of my incredible life (and remember that I have accomplished hundreds of miracles...most of them fully documented) and your money will help me to get this done.

Not only will ~~XXXXXX~~ you get the set of priceless tapes...and the fully written report...but I will keep your name on a special list and after my book is published, will send you an autographed copy.

SCIENTISTS....Report on my trip to California for five weeks.

Started out April 5. As Beau (my boy, age 10) and I drove across country, low-south...through Mississippi, Georgia, Louisiana, those states...it began to rain behind us, and flood behind us. (Then as we returned, swinging across the upper part of the U.S., Wyoming and those states, weeks later...it began to flood behind us again. Denver was drowned out.)

Starting out, we ran into heavy fog in Alabama...and doing 40 mph, discovered a car parked flat across our half of the road directly in front of us! Not at an angle, but straight across the road, like a roadblock. I took a chance and passed around it fast...shot a glance at the parked car and saw a man just sitting there like a robot, staring straight ahead. Not moving. This parked car in the fog seemed like some deliberate thing. By rights we should have hit it head-on. In the next town we came to I stopped at a police car, and reported the parked car across the highway.

We got to California and went to visit my daughter, Lori Rodriguez, and her husband, Julio. I got into a hassle with him, and our week-long stay was shortened to one-day stay.

I then taught two different doctors my Si System...special mental system shown me years ago by the UFO entities.

Next I took Beau to Disneyland, where he had a fine time. Then the movie director, Ted Mikels, and the producer, Paul Burkett, came to get us at Disneyland...and took us to Samuel Goldwyn Studios, where they showed us their offices and staff. The movie they plan to make of my life was discussed, and how to make it. Since it is a "first"...i.e., I'm the first human to accomplish 190 miracles...just how to make the movie, is a puzzlement. Mr. Mikels, the director, took Beau and I out to his home in the hills, where ~~xxx~~ he had a big party and we met movie people. I had lots of fun because a sultry redheaded girl jumped into my lap, whispered sweet nothings into my ear, and so on. This was totally unexpected, since I was sitting minding my own business sipping a scotch and talking to someone. However, as I told the redhead, it was about the nicest thing that had happened to me in 15 years. Unfortunately the redhead's stint in my lap was a short one...from behind us came a boy's voice..."Oh, oh, daddy...I'm going to tell momma!" Beau had been playing downstairs in the rumpus room...but that special ESP brain of his had told him that daddy's brain was emitting odd signals. True. If he only knew how odd. Dam.

Beau and I then spent several days visiting with friends in the Thousand Oaks area. I shot lots of 50 point straight pool...and beat everybody. Had already beat Julio Rodriguez, a "shark"...took on a fellow called Davey, another shark, and beat him...took on two more champ-type shooters and beat them...and I'd had a 10-year layoff with the cuestick! Either everybody decided to let me win...or somehow my reflexes and accuracy have become super-sharp.

We then went to Alpaugh, further north, where I trained a nice lady in the System. Beau and I saw "phenomena" over her house at night...all the sky was black, except over her house, at 10 PM. There was a hole in the blackness, and light poured through. Neither Beau or I had seen anything like it. After we'd left, the Si's She said communicated and told me to call her LD and trade her out of her pickup truck. → no. Then we drove to Chico, California, and stayed with Al and Piler Bailey for days, as their guest. I taught Al the System. Years ago he'd been in contact with UFO's over radio, and had co-authored a book on it.

While with Al and Pilar, I showed Al, outside the motel he owns, how to "make" storms with the mind. He asked me if my instruction...would result in an actual rainstorm, since I'd actually used my methods...and I told him yes, but it might take days, because the sun was shining, it was warm...so the "PK" might have to "bring in" materials from a distance to do the job. (That was May 1. On the 4th of May it poured rain; lightning attacked the town of Chico; and radio and TV stations were knocked out.)

When we got ready to leave Al and Pilar shocked me almost senseless...by presenting Beau and I with their personal Lincoln Continental, loaded with everything! This, of course, was the finest gift I'd ever been given in my life. So Beau and I left our dog-eared '65 Merc there, and proceeded onward in style, luxurious style.

We drove to Lake Tahoe, where I trained a nice lady, Ruth Jahnke.

Then Beau and I pointed the nose of our car toward home...driving across the upper part of the U.S. After a couple of days, about noon, we were crossing desert...and I told Beau I was going to communicate with the Si's and ask them to show themselves, if they wouldn't mind. Shortly thereafter, I got strangely sleepy, and couldn't keep my eyes open. It was about 1 in the afternoon. We pulled over near some rock formations...and suddenly my sleepiness vanished. Beau and I got out and strolled into the rocks. Suddenly at my feet was a face. Instantly I knew I was looking at the same face as one sketched by witnesses who'd seen a UFO land, and creatures come out. I picked up what looked like a rock, but could not be. It seems to be a small petrified head. Two eyes, identical, geometrically, each one having a slit in the center, again, geometrically perfect. Below there is a tubular mouth. No nose or ears. As I say, at 53, I know a rock when I see one. This is no rock. It is a face, in stone.

That night Beau and I sat in our car and watched a giant tornado swirling down out of the sky, across the road from us. A huge, black funnel, stretching down from far, far up, to the ground. Gave us an eerie feeling. Meanwhile radio reports were telling us of great floods below us in Denver, and elsewhere behind us.

About this time...Beau and I heard what sounded like eerie music in our car. I checked the radio, it was off. A sort of ghostly music...low, moaning, melodious. I'd never heard anything like it; neither had he. At the time we were speeding along the highway, alone on the road, pretty much.

We reached Dallas, where we spent a few days as the guests of the Kennedy sisters. I was working with Rita Kennedy, had her in light waking hypnosis and was building in an autohyp system...in the afternoon...when a roaring airplane swept low over the Kennedy house, and I was infuriated because of the delicate mental training going on with my pupil...and I jabbed my fist in anger up at the ceiling toward the plane noise. Then the airplane crashed with a booming noise. (Some years ago I'd gotten very angry at a large turtle we'd caught and put into a cardboard box in the back of our car. We were broke and had to sleep in the car, and the turtle was scratching noisily trying to get out...and kept me awake. So I picked up the box and set it outside the car, got back in, and went to sleep. Next morning when we woke up we looked outside the car and the turtle, box and all had been smashed flat like an elephant had stepped on it! It is just a suspicion...but I believe that when I get angry...my mind uses great force on a subconscious level at the target of my anger.)

within a week! (According to the man who managed the Parascience Conference, and who also lectured at that Conference...Peter Maddock.) Therefore my work must have completely baffled England's top meteorologists who forecast no substantial rainfall through September! I worked on telepathing to the SIS the night of August 26, upon my arrival in London; then again the next morning, on the 27th; this paper, The Times, came out in the morning and I snipped out the newsclip...and the rains began pouring down shortly afterward! (See the running account of this in this file!)

Meanwhile...what has happened to PK Man...who brought all of this good thing about by working with his UFOs?

- (1) I have been notified by The Virginian-Pilot newspaper, who have been xeroxing all of the files that you have for years...that they can no longer do my xeroxing. I have no other source for xeroxing...so this could be your very last "miracle" reported by documentation!
- (2) I haven't a cent of money, after xeroxing and mailing this approx. 115-page file to 50 contacts. Am broke, in other words, with nothing coming in.
- (3) Today my car's transmission went out completely...the old '66 Lincoln Continental given me as a gift years ago by a pupil of mine in California. So...now I am on foot, and that is bad, for it is utterly necessary for me to be mobile; have a car. With no money, of course, I cannot buy a car. Maybe I should have told the Governor of California that I'd end the drought there if he'd furnish me a new car. Or told Queen Elizabeth I'd end England's horrible drought if she'd send me an English Rolls Royce. Ha ha. Well, there doesn't seem to be much gratitude floating around these days. At any rate, the UFO connection will not allow me to put a price tag on my work. As their "human ambassador", or ~~XX~~ link to the human race...I am not allowed to act like a human...i.e., seek profit from such a vast accomplishment as ending England's worst drought in 500 years.
- (4) Word has been passed to me that very shortly my family and I will be forced by our landlord to leave our rented house. When that happens...with no money; no car; no place to move to; no way to move our things out of the house...I'll be ruined, rather completely. (Brown and Root, wealthy Texas company, has just bought up most of the land around Cape Charles, because the company is moving into Cape Charles to look for oil just off this coast...and already many families here have been forced out of their rented houses, which are being repainted and repaired...and are being put up for sale (instead of rental) at three times the price they are worth. And since this will be a 'boom area' they will sell quite readily...probably to Brown and Root employees.

I almost fell off my chair laughing, this morning, thinking about the above four points. Here I'd just saved California and England from a dire fate... yet I myself am almost completely wiped out. Certainly, under the present circumstances, I'll not be able to function further as I have the past six years, as a foremost psychic with proper documentation. Take away my tools... money, car, xeroxing, home...and there's little left for me to work with.

It also fascinates me...that out of the 50 contacts I SOSd for expense money to xerox and mail this huge report file...ONLY SIX HAVE CHIPPED IN! No matter...it will get xeroxed somehow, and mailed somehow...and out to the 50 contacts. 15 of the contacts are wonderful folks, and send in a little if they can when the chips are down once in a great while...the other 35 do not seem to give a dam, ever. Oh, well...

The next strange thing that happened...a miracle...was that Rita, Beau and I went out into a pasture to help a horse that had gotten a rope tangled around its neck and was strangling. While I was trying to help that horse, Rita, who was standing three feet from me, approx., was kicked savagely by yet another horse standing nearby...a huge huge horse which lashed out behind it with both hooves...and caught Rita squarely in the body...one hoof struck her on the hip, the other hoof on the spine as she spun from the impact of the first hoof...and she was knocked flat. Strangely, as if I were dreaming, I just smiled, went over, not at all concerned or worried...picked her up...and neither was she hysterical, concerned or worried. Beau, of course, was horrified...standing nearby and witnessing it. Rita and I walked to the house...she was not broken or injured, but should have been fractured or killed, easily (if you'd seen the way it happened). She did have a bruise on the thigh. Next day her two sisters insisted on taking her to their family daughter...who pronounced her fine, okay. It is interesting to note...that she was in fact recuperating from a fractured shoulder when this horse-kicking happened! Yet the shoulder wasn't re-injured, either, when she was kicked flat!

Beau and I left and headed for home. Before we got to Atlanta, Georgia...I told Beau that I feared trouble in Atlanta of some kind. I had a feeling about it. Now, go back and note that the Si's had instructed me to ask Ethel Bolch in Alpaugh, over long distance phone, if she'd be willing to trade her pickup truck for our car, because the Si's wanted us to have a larger, heavier, safer car. *But Ethel wouldn't. Then Al and Pilar gave us the larger, heavier car, the Lincoln Continental. We got to Atlanta amidst a big storm...the wind was blowing cars and trailers off the road. We gassed up at a filling station, I checked the road both ways...and nothing was in sight...no cars at all within driving distance. I made a left turn and proceeded to the corner...when there was a loud crash. We'd been hit from behind...by a car doing 60 mph. (This car came from nowhere...the same as the ~~xxx~~ truck that came from nowhere a couple of days ago in Cape Charles, when Ken Gregerson was with me...and I have his affidavit on it!) Beau and I got out...broken glass was everywhere...the other car was demolished...telescoped. We walked to the back of our car expecting the worst. Yet not one light was broken. Not one scratch. Just one dent in our trunk! I had delicate machinery inside the trunk...cameras, Brain Wave Synchronizer, etc., yet when I tested them later...they were 100% okay! I tell you that it was unbelievable. A wrecker came and dragged the other car away. The police came and charged the driver of the other car. And Beau and I then drove home to Virginia. Our car was perfect; absolutely nothing wrong with it in any way, mechanically.

Reports Flood in on North State, National UFO Sightings

By United Press International

Unidentified Flying Objects, some with spider legs and some that omitted blue-green flashes, were swarming over the San Francisco Bay Area and other Northern California places, according to reports today.

Numerous sightings were reported by people and law officers in Oakland. Others saw them in San Jose, Mill Valley, Sausalito and other areas.

A woman in Oakland called police Tuesday night about 10 p.m. saying that she was just about to give up a three-hour saucer-watch at her home when she saw it—a craft with spider like legs—settle down on a golf course. Police went there but didn't find the saucer.

Oakland police checked out other reported landings including one at busy 55th and Grove Streets. Then officers themselves saw something hovering over the San Francisco-Oakland Bay Bridge. It turned out to be a weather balloon.

In suburban Marin County north of the Golden Gate, Sheriff's Sgt. Kenneth Froberg said he spotted a "bluish green flash" in the sky Tuesday night that lasted about five seconds and then disappeared.

"It was coming out of the sky at an angle to the earth," Froberg said. "It had a long orange tail with articles flying from it."

Tuesday night Mrs. Ruth Wilson of Mill Valley said she was getting out of her car in a

parking lot near Marin General Hospital when she also saw a "bluish green object" low in the sky over San Quentin Prison. It vanished in the direction of Oakland, she said.

In San Francisco, radio stations reported numerous calls about unidentified flying objects of various description.

At San Jose, Mrs. Ann Rodriguez said she was walking with her little girls Tuesday night when they saw something land near the road. It emitted flashes "like they were taking pictures of us" and then took off, she said.

There have been a number of recent sightings of strange flying objects in Louisiana, Arkansas, Missouri, Illinois, Ohio, Mississippi, Texas and Georgia, and some people, mostly those who have done the sighting, are beginning to get concerned.

Ray Stanford of Austin, Tex., told a late-night radio talk show host Tuesday his group, the Association for the Understanding of Man, is setting up a huge signal light to attract unidentified flying objects.

He said the light, in Central Texas, can be seen by the naked eye as far as 150 miles into space.

People reported seeing strange flying objects at a Pascagoula, Miss., fishing hole, near the Beckley, W.Va., airport and in the piney woods of Louisiana.

A woman in New Orleans said she saw something shaped like the Houston Astrodome hover

over her home.

The Air Force chief of staff said UFOs touched off fighting during the Vietnam war, and even the Russians have been hearing things from outer space.

The Tass News Agency said Soviet scientists are hearing unusual radio signals—never heard before—coming in pulses after definite lapses of time.

lasting for several minutes and being repeated several times a day.

"It is not precluded that they may be sent by a technically developed extraterrestrial civilization," the Russian report said.

Two Pascagoula shipyard workers said they were hustled aboard a blue, fish-shaped craft by three weird creatures who gave them the once-over with an eye-like scanning device. And they're going to take lie detector tests to prove it.

At Pine, La., sheriff's deputies chased five orange-reddish flying objects 12 miles through the woods.

Pilots at the Raleigh County Airport at Beckley, W.Va., saw a mysterious night flyer that turned red, then green, then white.

"Where they are coming from and why they were here is a matter of conjecture," said Northwestern University astronomer Dr. Allen Hynek. "But the fact that they were here on this planet is beyond a reasonable doubt."

Dr. Robert O'Connell, an LSU astrophysicist, disagrees with Hynek.

"There's probably some mundane explanation for the ones right now and for probably any UFOs," he said.

O'Connell said he was skeptical of most UFO reports, especially the Pascagoula case.

"I don't necessarily dispute what they're saying," he said. "It could be a hoax. The hoax could be on two levels: the people themselves or somebody else carrying out a hoax."

"This area (of UFO reports)

is notorious for hoaxes."

In Chicago, U.S. Air Force Chief of Staff Gen. George S. Brown told a news conference Tuesday UFOs were reported in Vietnam during the war and even triggered an air-sea battle near the Demilitarized Zone in 1968 in which an Australian destroyer was hit.

"I don't know if this story has ever been told," Brown told a news conference, "but they (UFOs) plagued us in Vietnam during the war."

"I think it's nothing," Brown said. "I think it is atmospheric."

Dozens of UFOs were again reported by citizens and police officers in southern and central Ohio Tuesday night including a woman who said three UFOs forced her car off a roadway. The objects, mostly described as orange in color, were reported in several areas including Columbus, Coshocton in east-central Ohio, and in the southwestern part of the state at Middletown and Greenfield.

TORNADO WINDS IN THE AREA

For 24 years since 1947, when Kenneth Arnold sighted nine disks, everyone who believes in flying saucers has been wondering *why* the UFOs are here and what the occupants, if any, are up to on earth.

NOW THE ANSWER IS KNOWN!

It is known by courtesy of Ted Owens, the PK Man. As SAGA readers know from last year's August and September issues, Ted Owens claims that he is the "spokesman" for the SIs (Saucer or Space Intelligence) who communicate with him via two-way ESP.

Ted has now made his private diaries (from 1963 to date) available to me

PERSONAL SERVICES... ~~REDACTED~~ ...BY OWENS (PK MAN) --

(1) THE SI SYSTEM

I refer you to the article that appeared in Sage Magazine, February, 1972... written by myself: This article outlines a system... by which human beings can learn to have SUPERIOR minds... and... SUPERIOR POWERS. It is a System... given me by UFO intelligences... which will enable an individual to do things, accomplish things, solve things... that normally he or she could not come with.

First, my ~~XXXX~~ Pupil is taught Auto (Self) Hypnosis.

Then, my Pupil is provided with mental mechanisms, each containing a secret code (trigger)... WHICH CAN CHANGE THE ENTIRE LIFE OF MY PUPIL FOR THE BETTER, after the mechanisms are put into action.

(Note: to my knowledge, nothing else like this Si System exists in the world, OR HAS EVER EXISTED.)

My Pupil must come to where I live; he able to stay at a nearby motel for two days, while I train him or her.

Since my time is priceless, and very limited... only those who contribute \$200 or more to my work and research in ODP (other-dimensional-phenomena)... will be accepted by me for personal training.

(2) THE SI DISC

Some years ago the Si's (UFO intelligences) instructed me how to code discs and send the discs to people who had need for them...

Since then I have received hundreds and hundreds and hundreds of letters from people who have received their Si Disc... then had something miraculously good happen!

People's lives were saved... after they wore their Si Disc.

People found new and better jobs... after they received their Si Disc.

All sorts of good and wonderful things happened, too numerous to list here... for the Si Disc People, after they received their Disc.

My time is very limited; I cannot get out too many discs (takes me 20 minutes to code one and prepare it to send out) therefore only those who contribute \$5 to my work and research... will get a Si Disc now. Others who request a disc, but contribute little or nothing to my work... may have to wait a year or two for their disc.

Dear Mr. Mishlove:

Please have your friend, Ted Owens,
make a V.F.O. appear over my home
here in Marion. I have seen U.F.O's on
three other occasions, so I know what
they look like. Sincerely yours

Dr. Dan Moran

Dear Sir,
I am very pleased
to hear that the city of
Chicago, and its surrounding
area, is so happy.
I am very glad to hear
that the city is so
happy.

Yours

Part of the screen at the Crystal Lake Theater, an outdoor drive-in in Crystal Lake, was blown down, according to McHenry County sheriff's police.

In Chicago's Loop, winds blew roofing material onto Michigan Avenue and the sidewalk just north of the river. A roll of tarpaper and several city trash cans were blown into the middle of Michigan Avenue.

The Sunday night storm came after nine days of what the National Weather Service called the warmest weather in Chicago history for the first days of November.

Sunday's high of 73 degrees at Midway also tied a record for the date set in 1931.

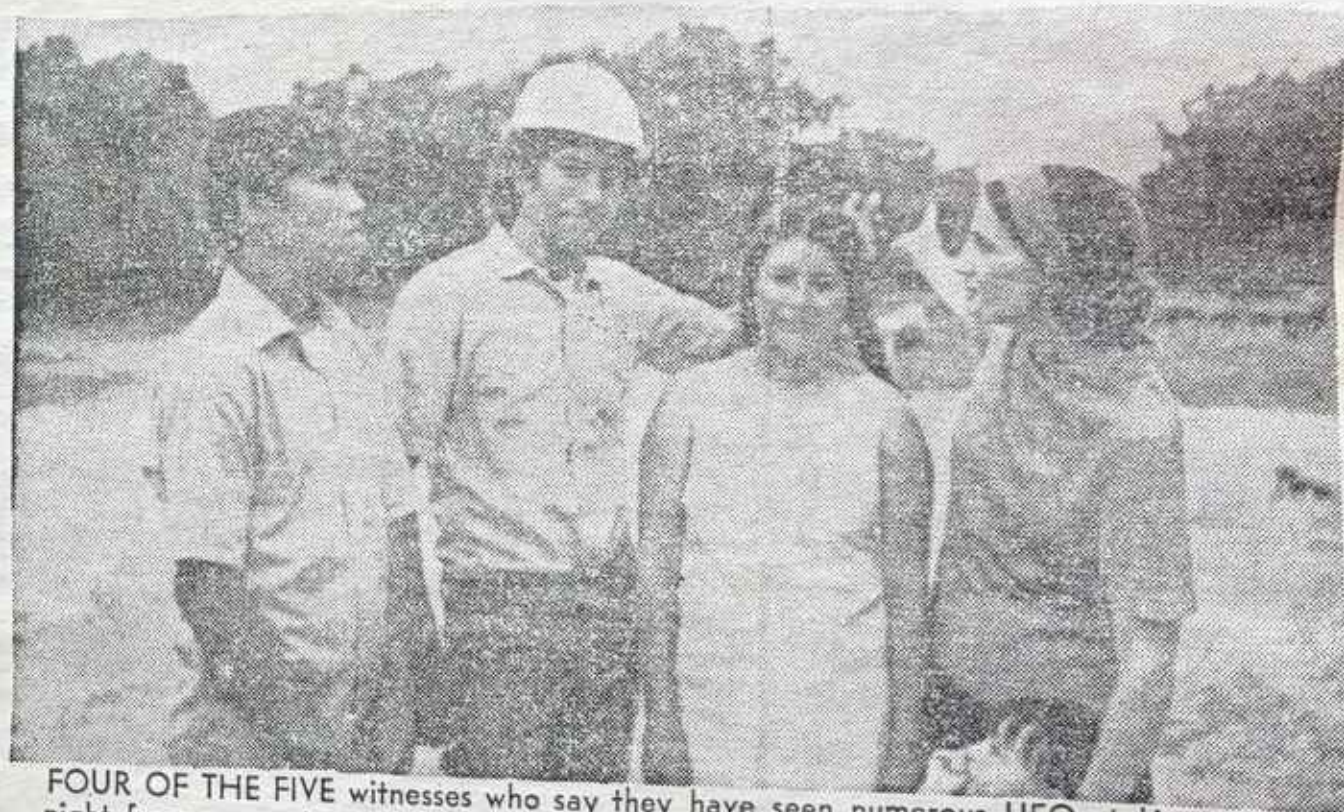

ELSEWHERE IN THE Midwest, severe winds from at least two confirmed tornadoes injured three persons in Terre Haute, Ind., and 10 more persons in Andrews, Ind. The winds were accompanied by heavy thunderstorms.

In Iowa, a tornado tore down power lines and caused scattered damage to Waterloo homes and businesses. In Dunkerton, at least 10 homes were destroyed in a new residential area.

Up to four inches of snow was reported in northern Wisconsin.

upsetting mystery stands out today: what did the English language-type inscription mean? Did the familiar "UN" mean the saucer was Earth-made?

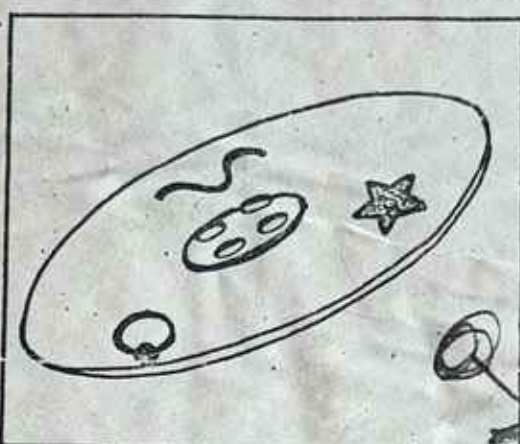

Is it possible that Raper's mind, shocked and surprised by the sudden meeting, distorted an alien inscription into something reassuring and familiar from Earth? Or did the intruders

deliberately camouflage their vehicle with counterfeit lettering to make us think it was of our manufacture?

In our recent past UFOs have overflowed and landed near witnesses who got clear, close views of their details. Several objects were marked with symbols or insignia and many witnesses have photographed or ac-

If the UFOs through the ages have not been mysterious enough in themselves, they have further confounded their purpose with the mysterious markings seen on their surfaces. Although certain of the symbols resemble Earthly ones, none appear to be identical. Yet, they must mean something to someone. But what? And to whom? They have

RID MICE OFFER BY MIRACLE MAN

A Virginian (U.S.) "miracle worker" has offered to rid Queensland of its mouse plague in one day.

This is claimed in a letter to the editor of The Chronicle from an Innisfail woman, Mrs. Winifred Mossop.

"I don't want you to toss aside this suggestion as a crackpot, as it's for real," Mrs. Mossop writes. "And since I was once farming in your district and know what crop loss means, I think anything is worth trying once."

Mrs. Mossop said she had spoken to the man, Ted Owens, known as "P.K." or the "flying saucer missionary," by phone at Cape Charles, Virginia. The call, with two extensions, cost her \$17.

"He said that if any farmer in Australia would pay his return fare, he would guarantee to get rid of the mice in a day," Mrs. Mossop says.

Mr. Owens gets his miracle-working power, according to Mrs. Mossop, from Unidentified Flying Objects. He believes U.F.O.s are here to help us, and to stop man from wiping out earth.

Quoting the American Saga magazine as her source of information, Mrs. Mossop says Ted Owen:

• Warned the Weather Bureau that U.F.O.s would work up three hurricanes

simultaneously. Bieulah, Chloe and Doris faithfully showed up on the same week-end in June 1967 and smashed their way into Florida.

• Worked up a lightning storm over Philadelphia on a specified night in 1956.

• Predicted the explosion of a French submarine Euridice in the Mediterranean with the loss of 60 lives; and

• Saved a corn crop by sending rain.

Mrs. Mossop lists several other accomplishments of Mr. Owens.

"He said if all the farmers put a little each in towards his fare, he will do them a good deed."

She says Mr. Owens can be contacted by telephoning Cape Charles, Virginia, 3311208, or at his home address P.O. Box 48, Cape Charles.

NO TRACE

BRISBANE. — Detectives yesterday conducted investigations in the city, Clayfield, Amberley and Ipswich in the hunt for missing W.R.A.A.F. policewoman, Gaye Christine Baker.

However, they said the leads had revealed no trace of the 23-year-old woman, who was last seen in the Clayfield area last Sunday.

MIRACLE WORKER WILL 'END PLAGUE OF MICE'

TOOWOOMBA.—A Virginian (US) "miracle Worker" has offered to rid Queensland of its mice plague in one day.

This is claimed in a letter from an Innisfail woman, Mrs. Winifred Mossop.

Mrs. Mossop says she had spoken to the man, Ted Owens, known as "PK" or the "Flying Saucer Missionary", by phone at Cape Charles in Virginia.

The call, with two extensions, cost her \$17.

"He said that if any farmer in Australia would pay his return fare he would guarantee to get rid of the mice in one day," Mrs. Mossop says.

The attached case, within, shows the beginning...and the end... of the hardest and most exciting project I have ever taken on! I had to do two things: make seven monster lava flows miss people and villages; and then I had to put the volcano out. (Of course, I also called the Ji's in on it and used them and their powers, as well as my own mind.) I was 100% successful...in my first battle with a live, belching fiery volcano.

Study this carefully. You will see how much work I put into it. Had to leave out some pages...not enough money for the zexoxing of all the pages. Just this alone cost \$30. (Anyone want to send in a few bucks to help me on it, feel free to do so.)

As I told Maddy, Norfolk reporter, before beginning this project... "If I can stop this volcano, and save the people and villages... then I can stop 13 pro football teams."

P.S. - Of course, not only Maddy, the columnist, was notified in advance of my taking on this fiery volcano - but four scientists also were notified. (Not from the onset. (Plus lawyers, etc.) (So this is soundly documented.)
