TO ALL CONTACTS

A very great honor...has been given me. I have been invited to appear with some of the great scientists of the world...in London, England...and speak about my knowledge to the scientific community, directly. (See the enclosed program.)

But I need your help. I have absolutely no monies of my own, and no valuables to get money with. That is where you can come in, if you so wish. Can you contribute \$10, \$100, \$1,000...to my making this trip? (It will cost between \$1,500 and \$2,000.) \*

You could say..."why should I help the PK Man go to London to speak to some of the world's leading scientists?" A fair question. Let me answer it.

(1) I have personal information (having a half-alien brain) absolutely vital for the scientists, and the human race...to have...which they do not, as yet, have. Never in the entire history of the human world...has an alien, or a half-alien, had an opportunity to appear before many leading scientists...and pass on information and knowledge not to be found elsewhere on this earth.

(2) The UFO entities (SIs) will have an opportunity they have never had...to telepath to a human with a half-alien brain...information and instructions to the human race...to be relayed on by that human to a large group of scientists who just might comprehend the information and instructions. (Laymen would not, most certainly.)

(3) Of much lesser importance...but of importance still...is the fact that a psychic (and a layman, not a scientist)...is being invited to share the podium with top men of the academic world. This...as far as I know...is a first of its kind...and bodes good for the world, if the scientific community is ~~XXXXXX~~ bending enough to consider any truth and fact...if valid and provable...in order to understand the much greater picture that surrounds us all.

To sum it up...a money price could not be put on this opportunity for a meeting between PK Man and the scientific community. But unfortunately...a price is. And it is stated above.

I must have help to get there and back...and be gone for a week, which is the time that it will take, approximately, give or take a day.

And you very few contacts...are the only source of help that I can go to.

In closing...bear this in mind. If I were not in truth what I am...and could not do what I can do...do you think for a moment that I would be invited to speak at this great Conference?

Sincerely,

Owens

PK Man

\*The last time I asked for help from you on a project, I heard from only one person!
