SCIENTISTS....

There will be loud wailing...and crying...and wringing of hands...
all over the United States, in near time ahead.

Something terrible, ghastly...is going to happen...in the United
States!

Precog Predictions. ~~XXXXXXXXXXXXXXXXXXXX~~

President Ford will not be made President in the elections coming up, if he runs.

America is now in greater danger...than during Nixon's "Watergate" presidency...because while Nixon was in he was simply a tool of the Rich Gang who controlled things. Now the Rich Gang is trying to get Rockefeller (one of their members) into the Presidency...(the lord only knows what trick they'll pull to get Ford out, but the Rich Gang will see to it)...i.e., whereas before the Rich Gang had a "President in their pocket"...with one of their own in as President, the Rich Gang will have not only the pocket, but the entire suit! If, that is, Rockefeller is made VP. I am using my powers against that... for whatever it is worth.

PRECOC -- by Ted Owens (PK Man)

- (1) All hell...is fixing to break loose in the United States. Cannot figure out...what it will be...but it will be BIG...
- (2) Four to six...major psychics...world psychics...will expire, die or be killed within 1-2 years from now. (None of them at present in any danger, ~~xx~~ or sick.)
- (3) Get your money out of the bank...banks will begin to fold very soon...fail and close up...all over the United States...as the Greatest Depression Ever begins.
- (4) Organized crime...is getting everything together...for an unprecedented attack on armored cars, banks, etc., in near time ahead. This will be on a scale never before witnessed by police or FBI. The key to this: police formerly honest will ~~now~~ go on the take...sell their services to criminals. Crime is going to skyrocket in near time ahead, over what it is now.

In 1975-76, you will see The Greatest Depression Ever...begin its horrible plunge downward!

Note: What I predicted, in "What The Seers Predict For 1971" by Brad Steiger and Warren Smith...Lancer Books...IS NOW BEGINNING!

PRECOC PREDICTION

Within 1-2 years world-famine will have spread to half of the United States; all of South America and half of Argentina; All of Spain; half of Russia; half of China; all of Laos; half of Japan; all of ~~Asia~~ Africa; nearly all of Libya; most of Albania; all of France, England, Ireland, and half of Scotland. *All of India also.*

By "world-famine"...I mean, there will be no food available; lack of ~~food~~ food and food products.

And the water shortage...will be right behind the food shortage, surprisingly. This will all cause an astonishing amount of mental illness....among the peoples of these countries...due to lack of nourishment and oxygen to the human brain caused by these shortages.

Mr. William Randolph Hearst, c/o San Francisco Examiner Newspaper
Dear Mr. Hearst:

mistakenly to "San F. Chronicle"

At the moment your daughter is in the hands of kidnappers. I sent you the following telegram Feb. 13, 1974:
AM ONE OF NATIONS FOREMOST PSYCHICS. AM POSITIVE COULD FURNISH INVALUABLE INFORMATION TO RECOVER YOUR DAUGHTER IF COULD GET THERE AND TALK WITH YOU. SEVERAL YEARS AGO I FORETOLD THAT PRESIDENT NIXON WOULD BE IN DANGER FROM CUBAN KIDNAPPERS AND THREE WEEKS LATER THEY CAUGHT THE KIDNAPPERS. THIS IS ON RECORD AND DOCUMENTED. SUGGEST A TEAM OF TOP PSYCHICS, HURKOS, JEAN DIXON, MYSELF, AND SEVERAL OTHERS...BE ASSEMBLED THERE, EACH SPEND HALF AN HOUR WITH YOU AND PERSONAL OBJECTS OF YOUR DAUGHTER, AND ALL PREDICTIONS AND IMPRESSIONS FROM THE PSYCHICS BE COLLATED AND WOULD GIVE YOU AND THE FBI INFORMATION YOU COULD NOT GET OTHERWISE. CURRENTLY A CHAPTER ON ME IS IN PREDICTIONS FOR 1974, BOOK BY WARREN SMITH, AWARD BOOKS AT NEWSSTANDS.

I have received some strong "impressions" here at Cape Charles with regard to your daughter, and those holding her, and will list them as follows:
Your daughter is being held on a boat, off the beach south of San Francisco. However, the BG's (bad guys) have two other locations where they hide her, and they move her from location to location every two days. The second location is east of the boat-location...inland...and sense a ranch or farm; something to do with chickens, livestock. From there they take her into Frisco's Chinatown...a basement-type place in a run-down sleazy wino-type area. Sense a laundry connected with this hideout...and they use a laundry truck to transport her down to the boat location from there. It is a triangular system...i.e., Frisco location down to boat location; boat location sideways over to farm or ranch location; then up and over again to Frisco location, on an alternating two-day basis.
I sense they use an egg-truck, or chicken-carton truck...to transport her from the ranch or farm up to Frisco.

The main man...holding her...is a foreigner...from mideast, I believe... Lebanese?...anyway, sense he has been connected in the past with murder at airports, plane hijackings...in the same sense as the murder of the Israeli athletes last year at the Olympic games in Germany. He wants to murder the Hearst girl...so that their next targets in the U.S. will be genuinely frightened...but another important BG has a different plan...to smuggle the girl out of the U.S. by boat, down the coast, through or around Mexico...to Central America. Costa Rica? If the throat-cutter has his way...she'll be dead in a week's time.

The throat-cutter is a genius, by the way, at guerilla warfare...teaches it. The Symbionese have links with negro groups, Chinese groups, the Mafia...it is not that they are a large group...they do not have to be...because they link up with large groups. That is the meaning of Symbionese, of course, "symbiotic"...dissimilar living things that can work together as a unit. In this case, dissimilar people, races, groups...working together for a common cause. Symbiotic.

(While I think of it...the group of top psychics could also use telepathy and psychometry on the two captured Symbionese...to great effect!)

My impression of the Symb. leader...he is small, 5'5 approx., dusky complexion, mustache, penetrating eyes, high IQ, fanatical, foreign, highly trained in arms-handling, ambush, assassination, and could be from same area approx. as Sirhan-Sirhan, RFK assassin. He has two female lovers, one American girl, one black girl.

Diary

The Symbionese have other key kidnap targets to hit. Hearst is to be used as an example...so that later kidnap targets will kick in quickly with the Symbionese demands...like the old protection racket used by gangsters in the old prohibition days.

One major plan...I have picked up from the minds of the Symbionese minds...is to hijack a half-dozen airplanes, commercial liners, simultaneously.

Using no guns or weapons on the planes whatsoever.

Their plan...is to kidnap the President of the airline and his family...instruct him to order certain planes turned over to Symbionese...half a dozen at once, in different locations where the Symbionese are waiting. I.e., several Symbionese will be in Chicago airport; New York airport; Philadelphia airport, etc., waiting for the signal to board the planes and tell the pilots where to fly.

And if the airlines president does not comply...zap. Entire family.

And the Symb. will use it as another example, for the next target.

This letter...will probably never be seen by you...but I have tried my best...doing what I do best...all the way from Virginia.

Incidentally...if you wonder how I can pick up thoughts of the Symb. in California...know that in reading minds...distance and time are no barrier at all.

Sincerely,

Ted Owens (PK Man)

These predictions phoned Monday afternoon, October 25, 1982,
to Cliff Livedicker, National Examiner, West
Palm Beach, Florida Owens

President Reagan will not finish his term. (Mental or physical malfunction.)

But should he somehow finish his term...he will definitely not be re-elected.

There will be no "upturn" for U.S. economy in this next year, as govt. experts predict. The economy will get progressively worse; jobs will become scarcer and scarcer; and unemployment is heading non-stop for 20%.

Failure of businesses and banks will increase dramatically this coming year.

Although the general public does not suspect it, the Stock Market is sick with a "terminal illness" and this coming year could be when it collapses entirely...therefore the man on the street should get rid of his stocks and bonds.

Any U.S. citizen should try to avoid flying in any military or commercial craft airplane because this next year the skies are going to become extremely dangerous from an effect known only to myself. I.e., U.S. people should not fly in airplanes.

During this next year there will be freakish weather; actually caused by abnormal heat from the interior of the earth itself and from the sun's rays...solar flares...that is, flares from the sun, also will create havoc upon earth, during this next year.

During this next year the people of the United States will rebel against the United States government in an unprecedented manner against the wasting of money of the administration...especially the top echelons of the administration...and the folly of the U.S. administration, the people who are supposed to be running the country. The people of the U.S. will begin to rebel in full force against the top government.

Food will become scarce in the United States this coming year, as it becomes more and more expensive and fewer and fewer people have jobs and can buy it...as farmers go out of business...as breakdowns in government occur and as farms fail and more and more strikes occur; the trucking industry and probably the railroad industry making it more difficult to deliver food and pick up food and so forth...so the food problem is going to be a very big one for the American people this coming year.

Crime...robberies, rape, burglaries, and so forth...will escalate to unprecedented proportions this coming year. The ordinary people, and families, will have to arm themselves and defend their loved ones as never before in the history of the United States. *Keep their guns!!!*

Interest rates on houses and other items will skyrocket...will be much much higher than at present this coming year. What would be an interest rate at 15% now, for example, will go to 20% or 25% this coming year. It is going to be terrible.

There will be outstanding freak weather this coming year. It will be caused by the earth heating up from the earth's core radiating to the earth's surface...it will become hotter and hotter and as the heat exudes from the earth's core in an unprecedented manner it will change the exterior of the earth with living things upon it. Also there will be unusual heat from the sun this coming year which will have a devastating effect upon earth. There will be also numerous giant solar flares in unprecedented number of scope.

There will be an unprecedented number of military air crashes and air mishaps in the United States this coming year. The skies will not be safe.

The black people of the United States will rise up in an unprecedented manner against whites and white authority. There will be an explosion of violence of blacks against whites this coming year. And white authority. Especially at higher levels of government.

Nature itself is against the whole human race at the present time...for ruining its animals, its fish, its birds, its air, its water...and hell hath no fury like Nature in a war against anything or anybody.

Finally, in my opinion alone, God, the omniscient and omnipresent force for good in this world...
